

RETHINKING
THE BOUNDARIES

Fuqua Transportation Guide

Prepared for the Class of 2017 by Emily Silman,
VP of Sustainability for the MBA Association

June 2015

Ways to Get To/From Fuqua:

- Walking
- Biking
- Scooter or Motorcycle
- Duke Bus
- NEW: Bull City Connector Bus
- Driving
 - Single Driver
 - Carpool or Rideshare
- Duke Vans
- Zagster Campus Bike Share System

Walking

*Fuqua is about a **15 minute walk** from The Lofts or Trinity Commons, or about a **30 minute walk** from Station 9, Berkshire Ninth, or Crescent Main.*

Student quote: “When the weather is nice, I love walking to/from school because I get to listen to music or call a friend while enjoying a stroll through beautiful West Campus. And it’s good to be able to fit some exercise into my busy day!”

Biking

*Fuqua is about a **5-10 minute** bike ride from Trinity Commons or The Lofts, and about a **15 minute** bike ride from Station 9/Berkshire Ninth/Crescent Main.*

- Fuqua has bike racks at both the Science Drive entrance and the Fuqua Drive circle— no need to walk from a parking lot!
- Worried about getting sweaty on your ride? There are men's and women's locker rooms on the ground floor of Fuqua, below the Fox Center. The locker rooms have showers, towels, and cubbies to store toiletries in. They also have clothing racks and a clothes steamer for when you need to look sharp! Swipe your Duke card for locker room access.
- Anyone can use the bike racks, but [registered bike commuters](#) can request a bike locker (covered outdoor bike storage) from the [Fuqua BMO](#)— they are first come, first serve, so get your request in early!

Scooter or Motorcycle

- Scooters can park right outside of school at the bike racks, or in the designated parking spaces in the Fuqua lot (*new for fall 2015*)
 - Scooters do not need permits in order to park on Duke campus, but they must still be registered with Duke Parking & Transportation.
- Motorcycles can only park in the designated spaces in the Fuqua lot (*new for fall 2015*)
 - To park a motorcycle on Duke campus, you must purchase a motorcycle permit, which costs \$66 a year (permit is free if the owner already has a car permit.)

Scooters are a great option for **international students, because a US driver's license is not required for scooters with an engine smaller than 50 cubic cm.**

Duke Bus System

- The Duke bus system offers FREE transportation for Duke students and staff around/near campus. Hours of operation vary by route.
 - Download the [TransLoc](#) app to track Duke buses in real time.
 - Popular routes for Fuqua students:
 - [H5 bus](#)
 - Picks up/drops off at Erwin Square, right by S9/Crescent Main/Berkshire 9th.
 - Picks up/drops off by Fuqua at the corner of Fuqua Drive & Towerview Rd.
 - Total trip time to/from Fuqua is about 25 minutes.
 - Runs from 7:15am to 6:12pm, Monday-Friday.
 - [LaSalle Loop bus](#)
 - Picks up/drops off at The Heights at LaSalle and The Belmont complexes.
 - Picks up/drops off by Fuqua at the corner of Fuqua Drive & Towerview Road.
 - Total trip time to/from Fuqua is about 5-10 minutes.
 - Runs from 7am to 11pm, Monday-Friday.
- *Need to get home after the buses stop running? Call the [Duke Van service](#).***

NEW: Bull City Connector Bus

- The Bull City Connector is a free bus operated by the [GoDurham](#) municipal transit system, and connects Duke's campus with downtown Durham.
- For the 2015-2016 school year, they are [evaluating a proposed change](#) that would bring the bus route to Erwin Square (meaning it would service Station 9/Crescent Main/Berkshire Ninth residents), and extending it to drop people off closer to Fuqua.
- *Benefits:* the BCC bus runs earlier/later in the day than the H5 bus, and also runs on Saturdays.
- If you don't plan to have a car at Fuqua, [please take their quick survey](#) by 6/10/15 to indicate your support for these changes— which, if approved, should hopefully be in place by August 2015. The more positive feedback they get, the better chance we have of getting these changes made! Also please comment that you are a Fuqua student and would like to see the route extended to drop people off at the corner of Circuit Drive and Towerview Road (right by Fuqua's entrance.)

Driving: The Basics

- Students commuting by car **MUST** purchase a parking permit each academic year. Online permit purchases begin **June 17th, 2015** at <http://parking.duke.edu>.
- Students can either purchase a [single-driver parking permit](#), or set up a [carpool or rideshare](#) to save a significant amount of money on parking, as well as secure a better parking spot.
 - Please see [instructions](#) on how to purchase a carpool/rideshare permit as this is a slightly different process.

Driving: Single Driver

- For First Year students at Fuqua who do not carpool or rideshare, the parking lot options are [Blue Zone](#) and [Green Zone](#).
 - Blue Zone annual permit price for 2015-2016: **\$354**
 - Green Zone annual permit price for 2015-2016: **\$171**
- These lots are not adjacent to Fuqua, and the closest spaces fill up early in the day. You will need to budget ~13 minutes to walk from your car to school.
 - Students can also board the [Duke PR1: Basset-Research](#) bus when it stops at the Science Drive entrance to Fuqua and get dropped off closer to their cars.

Driving: Carpool/Rideshare (1 of 2)

*Set up a carpool or rideshare to get a better parking spot
AND save a ton of money on your permit!*

- First Year carpool and rideshare groups are assigned to the Faculty Club parking lot.
 - Benefit: a much shorter walk to school (about 8 minutes) than Blue or Green Zone!
 - Participants also get 2 free daily parking passes each month for days they need to drive alone.
- **Carpool = 3 or 4 participants**
 - THREE participants pay **\$6.25 monthly per person**
 - FOUR participants = FREE parking permit!
- **Rideshare = 2 participants**
 - Each participant splits the **\$402** annual permit cost

Driving: Carpool/Rideshare (2 of 2)

- *Note:* all carpool and rideshare participants must own a car to be eligible.
- Fuqua carpools and rideshares are first handled by our Building Management Office before being processed by Duke Parking. Anyone interested in setting up a rideshare or carpool for the 2015-2016 academic year should [contact Fuqua BMO](#) to start the process.
 - *Tip: this is good to do now if you already know that you'll be carpooling/ridesharing with roommates or a significant other.*
- Most Fuquans who want to do a carpool or rideshare set it up with section-mates, since you will have matching schedules for Fall 1 & 2. However, you won't know your section until orientation. Therefore, any student who purchases a parking permit and then decides to set up a carpool or rideshare can get a **refund** (full or partial, depending on timing) on their permit purchase, even after the school year has started.

Misc. Parking Notes

- [After-Hours Parking](#): many Duke parking lots are available for parking after 5pm. Students who do not own a parking permit can also park in these lots after 5pm if they obtain a free night (NGT) permit. You can procure an NGT permit for free on the [parking website](#) and review details on which lots offer after-hours access.
- [Parking Tickets](#): our beautiful, historic campus means that parking is somewhat limited, so Duke strongly enforces parking rules! If you park somewhere that you don't have a permit for, there is a serious chance that you will be ticketed or towed. And tickets aren't cheap— usually around \$100. Or if you decide to “create your own spot” in a lot, you might find yourself towed, even if you have a permit for that lot. Permit enforcement checks regularly happen in all Fuqua lots (Blue Zone, Green Zone, Faculty Club, 751) during regular school hours, so ***do not park in a lot that you don't have a permit for!*** Note that Blue Zone permit holders will also need to vacate their cars for certain football games, or risk being towed or ticketed.

Duke Vans

A great way to get home if you're at school after the bus has stopped running, or if your carpool/rideshare has already left.

- Duke Vans is a shared van service that will pick you up at the Fuqua Drive circle and drop you off at **home** (no bars, sorry!) anywhere within the [2-mile service boundary](#), between the hours of **5pm and 7am**.
- Put in a request by calling them or using the RideCell app
 - Save their number in your phone: **919-684-2020**
 - Download the RideCell [app](#) to your phone
- Usual wait time is 15 minutes maximum.
- Duke Vans can also take you to your car in the Blue or Green Zone parking lots if you don't want to walk to your car alone at night.

Zagster Campus Bike Share System

- Membership costs \$20 a year, and rides under 3 hours are free to members. After that, the hourly rate is \$2, with a maximum per ride cost of \$10.
- The closest Zagster bike location to Fuqua is on Towerview Drive, across from the Wilson Gym parking lot.
- [Download the app](#) and register with Zagster to get access to the bikes.

Perks for Alternative Transportation Commuters!

- If you [register](#) with Duke Parking & Transportation as an “alternative transportation commuter” (either as a biker or a carpooler/ridesharer), you get 2 FREE [daily parking passes](#) each month for days you need to drive alone to campus.
 - *Can also purchase up to 20 daily parking passes each month for \$4 each*
- Bike commuters can request a bike locker (covered outdoor bike storage) from [Fuqua BMO](#).
- All alternative transportation commuters at Fuqua (bus, walk, bike, scooter/motorcycle, or carpool/rideshare) get invited to special thank-you events from the MBAA.

Ways to Get Around Durham/Triangle Area:

- **Uber or Lyft**
 - Great for getting to/from bars— be safe and don't drive.
 - New to Uber or Lyft? Register using links above and get a FREE ride!
- **GoDurham/GoTriangle Local & Regional Bus System**
 - Duke students get a GoPass to ride Durham and Triangle area buses for FREE. Register in person at the [Duke Parking & Transportation office](#), or when Duke P&T visits Fuqua in the fall (date TBD).
- **Enterprise Car Share**
 - Short-term, hourly car rental service which is good for running errands around town. You can find cars at 18 locations around campus.
- **RDU Airport Taxi Service**
 - More expensive than Uber/Lyft (about \$35 from Station 9), but worth it if you have an early morning flight since you can reserve in advance.
