Strategies to Strengthen Health Systems Globally: A Duke Showcase

Tuesday, April 4, 2017
4:30 pm – 7:30 pm
6th Floor, Trent Semans Center

Keynote Speaker
Andrea Thoumi, MPP, MSc - Duke-Margolis Center for Health Policy

Program Highlights
Oral presentations spanning the health care continuum:

- **Global Surgery 2030**: Panelists from Neurosurgery, the Touching Hands Project, and the Parekh Family Foundation
- Student and Faculty Collaborative Projects from:
  - Duke Emergency Medicine Section on Global Health
  - Duke Global Neurosurgery and Neuroscience (DGNN)
  - Global Alliance on Disability & Health Innovation (GANDHI)
  - Community Care of Frail Elders
- Networking reception with heavy hors d’oeuvres

Faculty, trainees, fellows, staff and students with an interest in global health or healthcare capacity building are invited to attend.
