### Psychiatry and Behavioral Sciences Grand Rounds/Ewald W. Busse Lectureship

**Thursday, January 9**
*12:00-1:00pm*
DN 2002

**Value-based Behavioral Health Care**

Katherine Hobbs Knutson, MD, MPH, Chief of Behavioral Health, Blue Cross NC, and Adjunct Assistant Professor, Duke Psychiatry & Behavioral Sciences

### Duke Collaboratories Info Session: Funding for Interdisciplinary Faculty Teams

**Thursday, January 9**
*3:00-4:00pm*
Soc-Psych 130 (Zener)

**Duke Collaboratories Info Session: Funding for Interdisciplinary Faculty Teams**

Ed Balleisen, PhD, Vice Provost for Interdisciplinary Studies

### Week of January 13-17:

#### Geriatrics Grand Rounds

**Monday, January 13**
*12:00-1:00pm*
DMP 2W93

#### APS and Guardianship: A discussion

John Margolis and Randy Robinson
Aging and Adult Services

**WebEx Meeting number:** 732 707 765
**Password:** Duke

## Fellows Conference

Friday, January 17  
9:00-10:00am  
VA GRECC Conference Room C3012

## Week of January 20-24:

### Geriatrics Grand Rounds

Monday, January 20  
CANCELED – MLK Holiday

### Research Training Program Seminar

Wednesday, January 22  
1:00-2:00pm  
1502 Blue Zone, Duke South

**Phenotypes of cognitive outcome in late life affective disorder**  
Guy Potter, PhD

### Special Symposium at DMPI

Wednesday, January 22  
9:00am-5:00pm  
Michelle Winn Conference Room

FREE.  Registration required:  
[https://aps-function.eventbrite.com](https://aps-function.eventbrite.com)

**Founding Editors’ Symposium of a new scientific journal, “Function,” sponsored by the American Physiological Society**  
See attached PDFs for full information and agenda

### Psychiatry and Behavioral Sciences Grand Rounds

Thursday, January 23  
12:00-1:00pm  
DN 2002

### Clinical Mission Meeting

Nicole Heilbron, PhD  
Duke University
Funding Opportunity

Request for Inter-NIA Center Pilot Proposals on Resilience and Reserve in Aging

The Research Centers Collaborative Network (RCCN) is seeking to fund two or more pilot or developmental projects that involve multiple NIA-sponsored research centers to foster new research in the area of Resilience and Reserve in Aging. The RCCN has set aside $80,000 to fund at least 2 projects addressing this topic. Applications are due February 18, 2020 with awards announced by March 31, 2020. The RFA is available here. Visit our website for Frequently Asked Questions here.
Slides from this workshop are now available at rccn-aging.org. Recordings and a summary of the workshop will be shared online as well. All materials from this workshop can be found here.

View Application Details

For updates, follow @rccnaging on Twitter.

The funding opportunity is made available by Wake Forest University School of Medicine and the American Federation for Aging Research, which co-manage the Research Centers Collaborative Network (RCCN). The RCCN is funded by the National Institute on Aging of the National Institutes of Health under Award Number U24AG058556. The content is solely the responsibility of the authors and does not necessarily represent the official views of the National Institute of Health.

DUKE REACH EQUITY CENTER

FUNDING OPPORTUNITIES: RESEARCH VOUCHER, SCHOLARS DEVELOPMENT, TRANSDISCIPLINARY THINK TANK

Applications open through March 30 for July 2020 funding

These awards support investigators at every career stage who are interested in conducting research which promotes health equity. There are three funding opportunities:

- **Research Vouchers Program** will supplement currently funded research, or support standalone research projects conducted by faculty at any level, broadly related to the REACH Equity theme, and completed over one year. Funding: One year up to $12,500 per award.  
  [Full Research Vouchers Program RFA and application instructions are available here](https://sites.duke.edu/rechequity)  
  [Current awardee list is available here](https://sites.duke.edu/rechequity)

- **Research Scholars Development Program** is intended to support early-stage investigators (residents, fellows, postdoctoral students, nursing trainees with a research or health professional degree or
equivalent trainees) who are interested in conducting health disparities research. Scholars work with a faculty mentor (identified by the trainee) to develop a research proposal and complete a project over one or two years. Funding: Up to $5,000 total for one or two year project per award. Full Research Scholars Development RFA and application instructions are available here
Current awardee list is available here

- **Transdisciplinary Think Tank (TTT)** provides support to bring together faculty across disciplines who have a common interest in addressing racial and ethnic disparities in the clinical encounter. The TTTs aim to catalyze and support research related to the REACH Equity theme and to foster collaboration among health disparities researchers across Duke University. Funding: One year up to $1,500 per award. Full Transdisciplinary Think Tank RFA and application instructions are available here Current awardee list is available here

Applications for all three awards should propose research broadly related to the Center theme. Proposals may include any research method (quantitative, qualitative, etc.) idea, but should clearly focus on issues related to addressing racial and ethnic disparities or improving underrepresented racial and ethnic populations health in the clinical setting.

Applications open now, due March 30. Funding will start July 2020.

The Duke Institute for Brain Sciences is pleased to present the Spring 2020 Inclusion & Power Dynamics Series.
The events are free but registration is requested. Please click HERE to register; first workshop is Jan. 31!
Spring Inclusion & Power Dynamics Series
Jan. 31, Feb. 24, March 3 & May 19, 2020

Bullying in Academic Science
Jan. 31, 3-4 p.m.
Sherry Moss, PhD
Organizational Studies
Wake Forest University
School of Business
Soc/Psy 130
(Reception 2:30-3 p.m., Soc/Psych 236,
followed by lecture at 3 p.m.)

Enhancing Leadership Behaviors
for Efficiency & Effectiveness in the Lab
Feb. 24, 11:30 a.m.-1 p.m.
Sim Sitkin, PhD
Coach K Center
Leadership & Ethics, Duke's
Fuqua School of Business
DIBS Multipurpose Room
B035 LSRC; lunch provided

Promoting Equity through Allyship:
Exploring Bias Literacy, Power Mapping
March 3, 8:30-10 a.m.
Lamercie Saint-Hilaire, MD
Family Medicine
& Community Health
Duke School of Medicine
DIBS Multipurpose Room
B035 LSRC; breakfast provided

Training Bystanders to Respond
Effectively to Harassment Incidents
May 19, 8:30-10 a.m.
Ada Gregory, MA
Duke Student Ombudsperson
Associate Director, Duke's
Kenan Institute for Ethics
DIBS Multipurpose Room
B035 LSRC; breakfast provided

The workshops are free but registration is requested. They provide Responsible Conduct of Research (RCR) credit. We thank the Office of Faculty Advancement for supporting them.
