News and Notes

Congratulations to Dr. Harvey Cohen on this well-deserved honor!

The Internal Medicine Residency Program renamed the Chair's Conference to the Cohen Conference in honor of **Harvey Jay Cohen**, former chair of the Department of Medicine.

[LISTEN TO DR. COHEN'S HISTORY OF THE CONFERENCE](#)

Join the Duke Geriatrics Team for the 2020 Alzheimer's Association Virtual Walk

Anyone can join our team so feel free to share the link widely!

https://act.alz.org/site/TR?team_id=638215&pg=team&fr_id=13590

There will be opportunities to participate in a socially-distanced group, or on your own. And of course donations are welcome from anyone, whether you join the team or not!

Save the date! NIH Workshop

[Inclusion Across the Lifespan II Workshop: September 2, 2020](#)

by [NIH Staff](#)

Planning clinical research studies? Tune in to the [Inclusion Across the Lifespan \(IAL\) II virtual workshop](#) for evidence-based practical advice for meeting the new IAL policy, with a focus on pediatric and geriatric populations. Discussions will include considerations for special populations (e.g. racial/ethnic minorities, people with disabilities, rural/isolated populations, language minority individuals, pregnant and lactating women, people with co-morbidities, sexual and gender minorities, and other groups).

The workshop will bring together experts with a variety of backgrounds in clinical study development and execution to discuss topics such as:

- Inclusion/exclusion criteria
- Study design and metrics
- Recruitment, enrollment, and retention
- Data analysis and study interpretation

[Register](#) before September 1, 2020 and watch the [videocast live](#) on September 2, 2020, 10:30 AM – 5:30 PM EDT.

The video will be archived and available for viewing after the workshop.

For more information or questions, contact the [planning committee](#).
