Virtual RESEARCH WEEK

OCTOBER 5 – 8, 2020

All faculty, staff, trainees and students welcome

Keynote Lectures 12:00 – 1:00 pm
- 12:05 – 12:20 pm  Kafui Dzirasa, MD, PhD  Associate Professor of Neurosurgery and Neurobiology
- 12:20 – 12:35 pm  Clare Smith, PhD  Assistant Professor of Molecular Genetics and Microbiology
- 12:35 – 12:50 pm  Ed Miao, MD, PhD  Professor of Immunology

MONDAY
OCTOBER 5

Robert J. Lefkowitz, MD, Distinguished Lecture
12:00 – 1:00 pm  Helen Hobbs, MD
Investigator, Howard Hughes Medical Institute
Professor of Internal Medicine and Molecular Genetics,
University of Texas Southwestern Medical Center

TUESDAY
OCTOBER 6

Keynote Lectures 12:00 – 1:00 pm
- 12:05 – 12:20 pm  Kanecia Zimmerman, MD, MPH  Associate Professor of Pediatrics
- 12:20 – 12:35 pm  Diego Bohorquez, PhD  Assistant Professor of Medicine, Pathology and Neurobiology
- 12:35 – 12:50 pm  Ranee Chatterjee, MD  Associate Professor of Medicine

WEDNESDAY
OCTOBER 7

Clinical Research Keynote
12:00 – 1:00 pm  Lily Peng, MD, PhD
Product Manager, Google Brain
Co-founder, Nano Precision Medical

Poster Session
4:00 – 5:00 pm
Featuring presentations of winning posters in
Clinical Research and Basic Science Competitions

THURSDAY
OCTOBER 8

CME ACCREDITED
Each daily 1 hour lecture(s) is designated for 1 AMA PRA Category 1 Credit(s)™.

CREDIT STATEMENT: Duke University Health System Department of Clinical Education and Professional Development designates this educational activity for a maximum of 1 AMA PRA Category 1 Credit(s)™. Physicians should claim only credit commensurate with the extent of their participation in the activity. In support of improving patient care, the Duke University Health System Department of Clinical Education and Professional Development is accredited by the American Nurses Credentialing Center (ANCC), the Accreditation Council for Pharmacy Education (ACPE), and the Accreditation Council for Continuing Medical Education (ACCME), to provide continuing education for the healthcare team.

For more information: MEDSCHOOL.DUKE.EDU/RESEARCH-WEEK

View the complete schedule: medschool.duke.edu/research-week
The Duke CTSA TL1 fellowship provides 2 years of funded time to support the research training of outstanding junior scientists. We have particular interest in applicants who are interested in broadening their previous training to include a new category of research methodology (e.g., bench science trainees looking to gain training in translational or clinical research, or vice versa) and applicants looking to obtain training in data science methodology. However, research in these areas is not a requirement for award; any clinical or translational research is welcome.

Applicants must be US citizens or resident aliens (Green Card), and should have no more than 2 prior years on a federal postdoctoral training grant (awardees with 2 prior years of federal postdoctoral training will only be eligible for one year awards).

Up to two trainees may be awarded; 1-2 PhDs, and 0-1 MDs. PhD scholars will receive an NIH-scale postdoctoral stipend; MD scholars will receive a PGY-level-appropriate stipend. All awardees will receive tailored professional development support, and federally-designated training-related expenses including a travel allowance.

MD program website: [https://www.ctsi.duke.edu/TL1-physician-research-fellowship](https://www.ctsi.duke.edu/TL1-physician-research-fellowship)

PhD program website: [https://www.ctsi.duke.edu/TL1-postdoc-training-program](https://www.ctsi.duke.edu/TL1-postdoc-training-program)

Applications for both MDs and PhDs are due via Duke’s MyResearchProposal by Monday, January 19, 2021; awards will be offered in late February with an anticipated start day of July 1, 2021.

Contact for questions about the program:

The AGING Initiative's Pilot Award program is now accepting submissions for [One-Year Pilot Project Grants to Address the Impact of Multiple Chronic Conditions in Older Adults](#)! Click the link for the [request for applications](#).
(RFA) for the letter of intent -- **submission deadline is November 13, 2020.**

There will be an informational webinar on Wednesday, October 21 at 1pm ET / 12pm CT / 11am MT / 10am PT to discuss the opportunity further and address any questions from potential applicants! Use the following link to [register now](https://vote.duke.edu).

To learn more about this opportunity, visit the [AGING Initiative website](https://aging.duke.edu) or see the [Pilot Project FAQ sheet](https://www.duke.edu).

---

**Bass Connections 2021-2022 — now with salary support!**

**Call for 2021-22 Bass Connections projects teams (due Dec. 4):** Support for year-long, team-based research projects that engage faculty, undergraduates, and graduate/professional students in the interdisciplinary exploration of complex societal challenges. Funding ranges from $5,000 to $25,000. In addition to the five themes of Bass Connections, faculty may submit proposals outside of these themes through Bass Connections Open. This year, we particularly welcome and encourage projects – proposed to any theme – focused on racial injustice and inequality, systemic racism and social justice. Graduate students, postdocs, and trainees/fellows may also propose projects, but all projects must have at least one faculty leader.

Faculty may also propose a summer Data+ project now through November 2. Faculty can link a Data+ project with a year-long Bass Connections team by completing just the Bass Connections RFP by November 2. We also encourage faculty to link year-long Bass Connections projects to Story+. Faculty wishing to apply to Story+ must also complete the Story+ RFP, due December 4.
