Hemophilia Gene Therapy: A Case Study in AAV-Mediated Gene Transfer

Lindsey George, MD
University of Pennsylvania

Funding Opportunities

The Department of Veterans Affairs, Health Services Research and Development (HSR&D) Service has issued a special RFA for research related to social determinants of health and racial and ethnic disparities. (See attached PDF for RFA)

HSR&D intends to fund two different types of projects through this funding opportunity:

- SDOH Merit Review Awards, which will be funded for up to four years and whose budgets cannot exceed $1.2 million.
- SDOH Pilot Projects, which will be funded for up to 18 months and whose budgets cannot exceed $200,000. The goal of a pilot project should be to generate data to establish the feasibility of an IIR, establish a new partnership with an outside organization, or answer a question of value to a clinical or operational partner.

NIA Notices

- NOT-AG-20-034: Notice of Special Interest: Alzheimer’s-focused administrative supplements for NIH grants that are not focused on Alzheimer’s disease
- NOT-AG-20-041: Notice of Special Interest: Advancing the Science of Geriatric Palliative Care
- NOT-AG-20-043: Notice of Special Interest: Administrative Supplements for NIA-VA Mentored Physician-Scientist Award in Alzheimer’s Disease and its Related Dementias (AD/ADRD)
- NOT-AG-20-050: Notice of Change to RFA-AG-21-016 “Planning Projects for Clinical Trials on Effects of Sustained Reductions in Caloric Intake and Related Dietary Practices in Younger and Older Persons (U01 Clinical Trial Optional)”
- NOT-AG-20-052: Notice of Change in Application Types Allowed for PAR-19-070 – Research on Current Topics in Alzheimer’s Disease and Its Related Dementias (R01 Clinical Trial Optional)
Election Day is Tues., Nov. 3 and President Price and Chancellor Washington have requested that the day be a “no meeting day” (with exceptions for patient care and operations) so that each individual can find the flexibility they need to vote (early, by mail, or on Nov. 3).

Presenting at GSA?

If you are presenting work at Virtual GSA, please let us know! There is not currently a full meeting program available to search, so the only way that the Aging Center can create our Duke@AGS Presentation List is by hearing directly from you.

You can either forward the email you received in September from abstracts@geron.org to Emily.herbert@duke.edu, or reply to this email by Tuesday, 10/20/20 with the following information:

i. Presentation title/Discussion/Interest Group
ii. Session number
iii. Type of presentation (oral or poster/part of a symposium)
iv. Co-authors
v. For symposium real-time discussions & interest group meetings, please also send the date & time of the synchronous session
