  • **Duke Psychology and Neuroscience** Events
  • **Duke Roybal Center**: Upcoming Workshops
  • **Duke SOM Office of Diversity and Inclusion** Announcements

Internal Grant Review – Spring 2021
Are you an Aging Center/Geriatrics Division Investigator planning to submit a grant this spring?

If so, let us help! Our fall Internal Grant Review (IGR) meeting will occur on Wednesday, May 5th from 12-1:30PM (via web conference) for grants with spring submission deadlines. Participants will have their grants reviewed by three reviewers from the Aging Center/Geriatrics Division and receive detailed feedback on clarity, approach, and feasibility.

If you would like to submit a grant for review, please follow this link to declare your intent to submit to the IGR by Thursday, April 1: https://duke.qualtrics.com/jfe/form/SV_abEDWiFnuGOz5NH
Near-complete grant materials are due to reviewers on April 21st.

Not planning on submitting a grant? You are also invited to join the review session on 5/5 to learn more about the research happening in the Aging Center/Division and to share your feedback on the proposals under review. We may also reach out to you to participate as a reviewer. Be on the lookout for a calendar invitation. This meeting is part of an ongoing series, and we will hold these sessions several times a year timed accordingly with major grant submission deadlines.

We look forward to your proposals! Let us know if you have any questions.
