DUML MARINE DEBRIS CURRICULUM

COMMUNITY SCIENCE FOR 4TH/5TH GRADE

DUML MARINE DEBRIS CURRICULUM

This workbook has descriptions for all the marine debris activities, including background material and worksheet handouts.

HOW LONG TILL IT'S GONE JAMBOARD

The description for this activity is on page 14. Teachers can use the cards for an in-person activity or the Jamboard for online.

MARINE DEBRIS ENTANGLEMENT JAMBOARD

The description for this activity is on page 20. Teachers can use the worksheets (pages 47) in the book for in-person or the Jamboard for online.

TIPS #1: THE MARINE DEBRIS PROJECT

Teachers Involve Parents in Schoolwork

Dear Parent/Family Partner,

We are currently studying human impact on the environment, with a specific focus on plastics. In this assignment, I will talk with you a little bit about what I have been learning about these topics in ELA and Science, apply some math skills, and then we will examine our "human footprint" at home. I hope you enjoy this activity with me! The assignment is due _____.

Sincerely,

Student's signature

PART A: HOW LONG 'TIL IT'S GONE?

Family Partner: _____
Student: Ask your family partner to rank how quickly these items might deteriorate in the environment on a scale of 1-5 (1 breaks into small pieces

Asheville Recycling part 1

WATERWAY CLEANUP

The description for this field trip activity is on page 25. To run this activity virtually we created a Googlesheet where students can upload all their data from at-home cleanups.

TIPS #1

The description and worksheets for this field trip activity is on page 49. Teachers can use the worksheets in the book for in-person or the Googlesheet for online.

CREATIVE ENGAGEMENT

The descriptions for these activities are found on pages 30-40. Teachers can use the Poetry & Circle of Viewpoints Jamboard and the PSA Googlesheet for online.
