

1st Annual Single-day Integration of Spirituality into Patient Care Workshop

Register now for the Duke University Center for Spirituality, Theology, and Health's 1st annual workshop on Integrating Spirituality into Patient Care to be held in-person in Durham, North Carolina, on **Saturday, August 19, 2023** (following our 5-day spirituality and health research workshop on August 14-18).

Due to multiple requests to have an online version of our workshop on Integrating Spirituality into Patient Care, we will also be holding the workshop via Zoom on **Saturday, September 9, 2023**, opening it up to anyone in the world with online access.

This workshop is designed specifically for those health professionals and clergy from all faith traditions who wish to integrate spirituality into the care of patients and the health of congregants. We are conducting this workshop to comprehensively deal with the why, how, and when of integrating spirituality into the care of patients and other work settings.

This 1-day workshop is for healthcare professionals (physicians, nurses, social workers, rehabilitation therapists, etc.), chaplains (healthcare and military), community clergy, mental health professionals (counselors, psychologists, pastoral counselors), students of every type (high school, undergraduate, graduate, etc.), and anyone else interested in the role that faith plays in health and well-being (and how to utilize this information in their current or future work).

SCHEDULE (all times are EST, New York time) (both for in-person and on-line workshop)
