

Given the growing interest in the topic of “Moral Injury” (the internal emotional turmoil experienced as a result of transgressing moral values, which initially received attention in active-duty military and veterans following combat operations, but now has expanded to include first responders, healthcare professionals, and others exposed to severe trauma), we will be holding a **full-day online workshop on Moral Injury via Zoom** on **Saturday, February 15, 2025**.

This workshop is designed for chaplains (healthcare and military), healthcare professionals (physicians, nurses, social workers, rehabilitation therapists, etc.), community clergy, mental health professionals (counselors, psychologists, pastoral counselors), students of every type (high school, undergraduate, graduate, etc.), and anyone else interested in the topic of moral injury, the distressing emotions associated with it, and the devastating consequences that can result. **Please forward this PDF to anyone you think might be interested.**
