

# Doing DH

## DIGITAL HUMANITIES DATA

Thursday, October 24

### WORKSHOP

4:00-5:00 PM

Bay 11, Smith Warehouse

Participants will explore what it means to undertake data-driven digital humanities projects, and experiment with approaches to translating and transforming traditional objects of humanistic inquiry into data. No previous experience with digital humanities or relational databases is required. Workshop led by **Pamella Lach** (Manager, UNC Digital Innovation Lab). Registration required.

### PANEL

6:00-7:30 PM

Bay 4, Smith Warehouse

What are the particular challenges of creating, managing, curating, and maintaining digital humanities data? Experts from Triangle research universities lead a conversation about data issues that digital humanities practitioners face at all stages of project development: **Pamella Lach** (UNC); **Markus Wust, Matthew Davis** (NCSU); and **Hugh Cayless, Angela Zoss** (Duke). Light refreshments will be served.
