

**Dear Class of 2024,**

DKU Humanities Research Center's Citizenship Lab invites proposals from students in the Class of 2024 who are interested in developing Signature Work (SW) projects related to citizenship.

The Lab will provide funding up to 5,000 RMB to cover research and other activities leading to the development of a SW project. The Lab is amenable to funding a wide range of activities which may clarify the student's research agenda.

Please send your preliminary project ideas to [citizenshiplab@dukekunshan.edu.cn](mailto:citizenshiplab@dukekunshan.edu.cn) by 18 September, 2022. Proposals should be 250-500 words. Candidates who are successful in the first instance will be asked to submit a longer research statement, including a budget, for final approval. Additionally, please state whether you already have a mentor or are looking for assistance in identifying a potential mentor. The application review and matching process will be done on a rolling basis.

Please feel free to reach out to the Citizenship Lab ([citizenshiplab@dukekunshan.edu.cn](mailto:citizenshiplab@dukekunshan.edu.cn)) with any questions.
