

DUKE KUNSHAN
Humanities Research Center

Dear Faculty,

DKU Humanities Research Center's Citizenship Lab invites proposals from faculty working on projects related to citizenship.

The Lab will provide funding up to 10,000 RMB. The call will remain open until the available funds are exhausted. Grants may be used to cover any research expenses so long as the project involves collaboration with student researchers. Projects leading to or involving Signature Work (SW) are encouraged but not mandatory. The Lab can assist in identifying students interested in conducting SW in a related field.

Applications should include an abstract-length statement of research intent and a brief statement explaining the role of the student(s) in the proposed research. Applications will be reviewed on a rolling basis. Please submit to citizenshiplab@dukekunshan.edu.cn by 31 October, 2022.

Please feel free to reach out to the Citizenship Lab (citizenshiplab@dukekunshan.edu.cn) with any questions.
