2022 Summer Internship at UCSD/Scripps Institution of Oceanography/Marine Physical Laboratory

The Marine Physical Laboratory (MPL) at world-renowned Scripps Institution of Oceanography (SIO) seeks inquisitive motivated undergraduates with exceptional aptitude for quantitative science, majoring in engineering, physics, applied mathematics, chemistry, biology, geology or related majors.

Undergraduate college students contemplating a career in scientific research and development are encouraged to apply for a summer research internship in marine science and technology. This ten-week summer internship program offers qualified students the opportunity to work with some of the most notable scientists in the world while earning a modest salary. In addition to their research, students will attend weekly seminars given by members of our faculty and scientific staff.

UCSD is an equal opportunity employer, with a strong institutional commitment to excellence through diversity.

More information can be found on their website <https://scripps.ucsd.edu/mpl/mpl-summer-internship-program>, where applications will be accepted through 4 p.m. Pacific time on January 14, 2022.
