Dementia Inclusive Forum

Presented by Dementia Inclusive, Inc.

World Alzheimer's Awareness Day

Thursday, September 21, 2023

9:30am-4:00pm | Durham Convention Center

"Understanding Dementia"

Overview: The forum will focus on dementia as a global and local issue that requires our support as a community and the need to address stigma against dementia. You will learn about:

- The brain and pathology of dementia
- Diseases encompassed by dementia including their risk factors, diagnosis, stages and focused support
- Persons Living With Dementia on living well, symptoms and management, medical management, non-pharmacological approaches
- Family Caregivers who need support from a dementia inclusive community

Target Audience: persons living with dementia; family caregivers and care partners; arts and cultural orgs; civic and community agencies; businesses; emergency responders; financial services; faith-based communities; legal services; Durham city and county gov.; long term care continuum; medical professionals; neighborhoods; students; any individual who wants to get involved in fostering inclusivity!

Register starting July 11th at:
dementiainclusiveinc.org/rsvp
