

I motion to add the bylaw that unicorns are the graduate school mascot

(Someone seconds the motion.)

The main motion up for debate,

You choose to make an **amendment**: you say -
"I motion to amend this bylaw to include fairies as an additional mascot."

(Someone seconds the motion.)

Your **amendment is now up for debate**: A member calls an **end to the debate on your amendment**, they say -
"I move to call to question (vote) on the amendment."

(Someone seconds the motion.)

The GA votes and...

The motion to include your amendment **passes!**

BUT, even though your amendment passes, the **main motion remains up for debate**.

To **end debate on the main motion** you say -
"I move to call to previous question."

(Someone seconds the motion.)

The GA votes and...

The **main motion** to add the bylaw that unicorns are the graduate school mascot along with the amendment to include fairies **passes!**

CONGRATS YOU HAVE COMPLETED A MOTION!!

I motion to add the bylaw that unicorns are the graduate school mascot

(Someone seconds the motion.)

The main motion up for debate,

You love this idea and want to move immediately to a vote, you say -
"I motion to end debate on this motion and call to question."

(Someone seconds the motion.)

The GA votes and...

The motion to vote on the main motion **does not** pass!

Debate on the main motion continues.

The allotted time for debate has run out. Someone moves to **extend debate time by 5 minutes**.

(Someone seconds the motion.)

The GA votes and...

The motion to extend the debate time for the main motion **does not** pass!

Debate time ends and the GA must move to a vote.

The **main motion** to add the bylaw that unicorns are the graduate school mascot **passes!**

CONGRATS YOU HAVE COMPLETED A MOTION!!
