Dual Training: Research Expertise and Academic Career Skills

Scholars will gain the rigorous disciplinary research training of a traditional academic postdoc and also engage in comprehensive, integrated academic career development programming and mentoring.

Commitment to Inclusive Mentoring

Scholars will join collaborative, innovative, well-funded research projects led by faculty mentors with a commitment to excellence in innovation, mentoring, and integrative research. www.postdocs.uga.edu/ffire-faculty-mentors

Program Features

- 2-year term, \$60,000 stipend + benefits.
- Academic career training, including: mentorship, grant writing, communication, pedagogy, and entrepreneurship.
- Annual retreat on academic job search skills.
- Travel funding for academic conferences.

Applications accepted on a rolling basis, but submit by **March 31, 2024** to be considered in the first round of review for August 2024 admission.
