EDUCATION

Duke University

July 2016 – May 2021

Doctor of Philosophy, Electrical Engineering

Thesis Advisor: Dr. Adrienne D. Stiff-Roberts

GPA: 3.80 overall

Master of Science, Electrical Engineering

July 2016 - May 2018

North Carolina State University

August 2012 – May 2016

Bachelor of Science, Electrical Engineering (cum laude)

Nano Systems Specialization

GPA: 3.61 major, 3.46 overall

RESEARCH EXPERIENCE

Doctoral Research

Stiff-Roberts Lab

Duke University, Durham, NC

Electrical & Computer Engineering Dept.

- Developing Resonant-Infrared Matrix-Assisted Pulsed Laser Evaporation (RIR-MAPLE) applications
- Pioneering usage of RIR-MAPLE to deposit metal-halide perovskites for optoelectronic devices
- Researching new guidelines for amphiphilic polymer depositions by RIR-MAPLE

Research Assistant

Nanofabrication of PDMS Membranes

NC State University, Raleigh, NC

NSF REU Engineering the Grid

- Studied soft lithography processing of organosilicon materials
- Worked towards creation of microfluidics biomedical device

Research Assistant

Real-Time Engine Part Coating Monitoring

NC State University, Raleigh, NC

Air Force Research Laboratory STTR

- Assessed porosity ceramic coatings using Mueller Matrix Polarimetry
- Utilized MATLAB software extensively to perform data and statistical analysis

HONORS & AWARDS

GEM Consortium Associate Fellowship (2016 - 2021)
John T. Chambers Scholars Fellowship (Honorable Mention) (2017)
Research Triangle MRSEC Graduate Fellowship (2016 -)
NCSU Dean's List Member (2013, 2014)
NCSU Wolfpack Recognition Scholarship (2012)

UNIVERSITY SERVICE

Duke University

Undergraduate Student Mentorship (2016 -)

- Responsible for developing comprehensive research plans for undergraduate students
- Oversees training of undergraduate students on lab safety and scientific equipment usage matters

University Libraries Graduate & Professional Students Advisory Board Member (2016 - 2017)

- Participated in interdepartmental roundtable discussions on needs of students
- Discussed allocation of discretionary spending, representing ECE & engineering students

ECE Advocacy and Student Engagement (EASE) Volunteer (2016 -)

- Hosted prospective students, participating in panels, guiding tours
- Related experience of underrepresented minority in graduate environment to those with similar backgrounds

North Carolina State University

ECE Department Ambassador (2015 - 2016)

- Led events to encourage first year engineering students to join ECE & ease their transition
- Volunteered time towards promoting ECE department at university-wide prospective student events

IEEE Chapter Vice-Chair (2015 - 2016)

- Took administrative role in organizing local events and competitions
- Worked to have local chapter perform at national events
